Northwest Anthropology LLC

Primary Contact: Darby Stapp

Email: dstapp@pocketinet.com

Phone: (509) 554-0441

Website: www.northwestanthropology.com

Mailing Address: P.O. Box 1721, Richland, WA 99354

Brief Description of Services: NWA LLC conducts basic cultural resource assessments of agency and private sector undertakings. We specialize in preliminary assessments to provide the client with a risk-based opinion on the level of effort that should be taken to avoid unnecessary delays and expenses. We also conduct NEPA and NHPA Section 106 reviews. We work primarily in the Mid-Columbia River region of Washington. Our expertise lies in identifying and assessing impacts to traditional cultural properties and determinations of archaeological potential through background research and field sampling. Specialties includes ethnobotany, historical archaeology, and tribal consultations. We also publish the *Journal of Northwest Anthropology*.

Paleoinsect Research

Primary Contact: Martin E. Adams, Archaeoentomologist

Email: paleoinsect@gmail.com

Phone: (503) 863-9167

Alternate Phone: (971) 260-0052

Website: paleoinsect.com

Mailing Address: PO Box 144, Clatskanie, OR 97016

Brief Description of Services: Paleoinsect Research specializes in the identification and analysis of insect remains at archaeological sites. Insect remains in these contexts are a virtually untapped resource that can provide a wealth of information about past climates and environments, personal hygiene and living conditions, subsistence practices, and more. Furthermore, insect remains can be recovered in a variety of matrices, including peat deposits and privy deposits, in both prehistoric and historic contexts. Whether you are interested in identifying a single insect found at your site or a full-scale data recovery, e-mail Martin to find out what Paleoinsect Research can do for you!
